President's Pen

Happy National Volunteer Month

Volunteers do not necessarily have the time; they just have the heart.

Elizabeth Andrews

You may have heard of [Blue Zones](#), the communities around the world with especially healthy, long-lived people. One finding from studies of Blue Zones is that these people have more language for “purpose.” I like this [definition of “purpose” from Greater Good](#): “*Purpose is an abiding intention to achieve a long-term goal that is both personally meaningful and makes a positive mark on the world.*”

Volunteering is one way that people create purpose in life. In April we celebrate National Volunteer Month. President Richard Nixon established a weeklong celebration of

everyday heroes in 1974. President George Bush extended it to a month with his 1000 Points of Light campaign, and National Volunteer Month has been mandated by the president each April since 1990.

Volunteering reduces stress by releasing dopamine, which makes you feel good. One example comes from an interview with a young journalist that I listened to. During the pandemic, the woman tended to become, like so many of us, panicky about COVID, the climate emergency, the political tumult, and race relations, as well as her own private troubles. In the interview, she shared how she had found the antidote for her depression. A wise elder had advised her to take just one small action to help someone

whenever the young woman spun with anxiety. The journalist reported it was like a miracle. Hope sparked in her with each tiny act—petting a dog, giving \$25 to a go-fund-me campaign, or doing an errand for a neighbor.

If you are in a terrible state, you are better off helping someone than eating a Snickers bar or having a glass of wine. [Research has shown](#) that for those 60 and older, volunteers report better health than non-volunteers. Volunteering leads to a reduction in the risk of heart disease, stroke, and general illness.

Volunteering is the American way! When you volunteer, you join [60.7 million Americans](#) (23.3% of the population) who formally volunteer (e.g., being an AAUW board or committee member, working at an AAUW fundraiser, donating to AAUW) and an estimated 124.7 million more who informally volunteer (e.g., watching kids, helping neighbors, teaching others about important issues). Volunteers gave an estimated 4.1 billion hours of service in the year September 2020–September 2021 valued at nearly \$123 billion in economic value!

To kick off this important month, lift your spirits with this rendition of my elementary school song, “It is better to light just one little candle.” It was a Perry Como hit in the 1950s, and [a chorus of children sang it](#) on an album from the band Chicago.

On behalf of all the girls and women (including yourselves!) you have helped this year, I sincerely thank you for your volunteering. May you always relish the joy of purpose in your life. Happy National Volunteer Month!

Happy Hour, FUNd, and Voting

April 18, 4:30–6:00 PM

**San Ramon Community Center,
Terrace Room
12501 Alcosta Blvd.**

Watch for Evite Coming Soon

Let's get out and share some cheer and sweet sips of your favorite sort (with or sans alcohol) at our April meeting. We will provide the beverages sans alcohol and invite you to **BYOB** of wine to sip and share!

Fun, Fun, FUND

Nope, not a FUNdraiser: We'll have a short, light discussion of the goodness FUND brings to our recipients. This will be presented in a fun way—really!—so we can all gain a better understanding of the enormous value of this AAUW effort.

Takin' Care of Business: Vote!

We'll hear the terrific news about and vote for the 2024–2025 slate of officers (listed on page 8) and for the new bylaws (see links in the box at right). To do this, we need a quorum of at least 15 people. We plan to conduct the vote around 4:45 PM.

That's What Friends Are For

All the while, enjoy beverages and light snacks. We'll also make plenty of time for catching up and good cheer. Science tells us we all need to have more quality social time, and who better to do so with than our fellow AAUW San Ramon friends?

Please respond to the Evite by April 16 so we get an accurate count.

Save the Date: May 18 End of Year Celebration

But that's not all: Save the date of **May 18** to acknowledge and celebrate our successes. We will meet the high school scholarship recipients, hear about the many branch accomplishments, introduce the 2024–2025 board members, and socialize with our AAUW friends.

Where: Amador Rancho Community Center
1998 Rancho Park Loop, San Ramon

When: May 18, 11:30 AM–1:30 PM

The final details are in process. The cost and lunch menu choices will be included in the Evite.

Look for the Evite for the May Celebration arriving in mid-April. Kindly respond so we get accurate count.

We look forward to these two fun celebrations!

Vote on New Bylaws and New Officers at April 18 Program

Our San Ramon Branch bylaws are being updated for the first time in ten years, and all members will have an opportunity to discuss and vote on the amendments at the April 18 Program and Members' Business Meeting.

Bylaws are the governing rules for the organization, and National AAUW requires its affiliates (branches) to adopt certain sections by June. AAUW California has provided us model bylaws with some mandatory wording for additional sections, as well as areas in which the branch has choices.

Our proposed bylaws and a summary of the proposed major amendments for which we have options are available in the [member section of our website](#) (you can find the password in the branch directory). If you are interested in seeing the detailed proposed amendments or have any questions or comments regarding the proposal, please contact Bylaws Committee members Chris Burchik or Nancy Vandell.

Gov Trek

San Ramon Valley Students on Prize-Winning Team

Six San Ramon Valley USD junior and senior girls participated in the AAUW California Gov Trek 2024 program, which started on February 3 and concluded March 16. Gov Trek is a virtual program designed to encourage the next generation to pursue careers in public service and elected office. The program is free to participants and is limited to 140 girls each year. (More information about Gov Trek is available on the AAUW California website: [AAUW-CA.org](https://www.aauw-ca.org).)

Sessions were held from 10:00 to 2:00 on Saturday mornings and included speeches from many California women leaders, such as US Representative Zoe Lofgren, a candidate for city manager in San Diego, and elected school board members. All encouraged the participating students to involve themselves in local, state, and national government. These students spent three weeks preparing a campaign video presentation, which was judged on March 16.

Five of our students were able to finish the program: three from California High School, and one each from Dougherty Valley and Monte Vista High Schools. They all credited school and teacher support for their decisions to enter the program, and indicated interest in STEM and equity issues.

Four of these students were on Team Eliana, the Grand Prize Winner! All five of these girls are now eligible for internships this summer through the state Gov Trek Program. Everyone can watch the final videos, which are posted on the state Gov Trek site at <https://www.aauw-ca.org/gov-trek/>

We can all be proud of these girls' accomplishments. These are our future female leaders.

Tech Trek

Update: Six Campers

We received 11 nominations from three middle schools in San Ramon. Applications were scored, interviews were held, and six girls were selected to attend camp! All the students shared a lot of enthusiasm and interest in STEM, making it a real challenge to select only 6 girls.

Thank you to the Tech Trek Committee members for their support and interest in selecting the campers:

- ◆ Our School Outreach Coordinator was Margo James.
- ◆ Our Application Readers were Arila Barnes, Leela Mahesh, Purvi Rawal, Becky Said, and Kathy Senti.
- ◆ Our Interview Team included Ashley Cherry, Sindhura Putumbaka, Karen Rice, and Nancy Vandell.

We appreciate all you do to make this a success!

Our next task is to have the campers complete their forms and get ready for camp! Dorm monitors and camp volunteers are still needed! Please let me know if you are interested in joining the campers for a week of fun, exciting adventures. Camp will be at Sonoma State June 23–29.

Celebrate Mother Earth Day

International Mother Earth Day was established in 2009, by the United Nations **General Assembly** under Resolution A/RES/63/278. The resolution was introduced by **The Plurinational State of Bolivia** and endorsed by over 50 member states. It recognizes that “the Earth and its ecosystems are our home” and that “it is necessary to promote harmony with nature and the Earth.” The term Mother Earth is used because it “reflects the interdependence that exists among human beings, other living species and the planet we all inhabit.” It is decided to designate April 22 as **International Mother Earth Day**.

General Assembly President **Miguel d’Escoto Brockmann** welcomed the creation of International Mother Earth Day, saying: “International Mother Earth Day promotes a view of the Earth as the entity that sustains all living things found in nature. Inclusiveness is at the heart of International Mother Earth Day; fostering shared responsibilities to rebuild our troubled relationship with nature is a cause that is uniting people around the world.
